But we also know, here in Chicago, there are people ready to help you meet that challenge. Oftentimes, employers tell us, "You can train for skills, but you can't train for attitude." Cara candidates excel in attitude and in critical workplace competencies including time management, conflict resolution, and teamwork. Handpicked for each employer, they have the talents to match your needs and deliver the professional skillset and personal values you're looking for.

## Cara candidates' job retention surpasses U.S. average by 20%.

By the time you meet them, they've been pre-screened, drug tested, background checked, and properly trained.
